

Independent Sandwich & Pasty Bar

Client: Go Independent Sandwich & Pasty Bar

Location: Bakewell, Derbyshire

Situated in the heart of Bakewell, Go Independent Sandwich & Pasty Bar was always going to rise above the ordinary, as the aim of the project was not simply to be different, but to be better.

“Be unique”

In collaboration with Brakes Catering Equipment, we took up the challenge of working with Jamie and Lisa Oldfield, who were enthusiastic to be moving into a new business venture. We began by carrying out a comprehensive site survey and discussing with the client what their necessities were with regards to the design of the layout and product selection. We used the information provided from the client to create 3D scale drawings, which were able to help the customer realise their vision before a single unit was delivered.

“Bringing the ideas together”

At Pentland Wholesale we make sure we bring the customer's ideas to life with aesthetically pleasing and practical design concepts. We worked with the client's brief to supply, design and install the Mafirol Vivaldi display counters.

The Mafirol Vivaldi was selected by the client as they chose the chilled serve over counters, chilled container display, hot plate and external refrigerated corner display. The client worked with our design and sales teams to create a stylish appearance of the product that fitted well within the client's theme. The client chose the black Lacquered high gloss finish with stainless steel plinths and stone Lactea worktops. We worked with the client on every step to ensure that we operated within the budget and met the deadline.

“We are devoted to putting a smile on the face of our clients with every project”

Our team of professional installers delivered on every stage to ensure a perfect finish. The complete transformation perfectly complements the Go Independent Sandwich & Pasty Bar and the end results have been enormously satisfying for both us and our client.

“I selected Brakes Catering Equipment and their partner Pentland Wholesale Ltd to undertake this project as they best presented a solution, which encompassed everything I envisaged. They delivered the project within the budget and timescale and made me feel they were best equipped to do the job.”

Jamie & Lisa Oldfield (Owner of Go Independent Sandwich & Pasty Bar)

Design to Installation
