

Blizzard

STAINLESS STEEL FLAT TOP GRIDDLE

Description

When you're looking for a flat top griddle that can just do it all look no further than the BG-A range from Blizzard. With a wide temperature range the unit works efficiently and quickly to evenly distribute the heat across its 8mm thick surface to cook all produce on the deck at the same speed and consistency.

Thanks to the included removable drip tray to the front of each unit it is beyond simple to quickly clean the deck without the need to stop cooking.

Features

Stainless steel construction

8mm Steel plate

Removable drip tray

Temperature control dial

LED power indicators

MODEL	DESCRIPTION	TEMPERATURE	DIMENSIONS (mm)	POWER USAGE	POWER	WEIGHT (kg)
