

HSS96

MULTI ACCESS HEATED COUNTER TOP MERCHANDISER

Description

With the flexibility of being able to be utilised as a merchandiser or grab and go station the HSS is unique in that it can be accessed from both sides of the unit via sliding doors. Built from stainless steel and glass the unit has a clean and modern look including integrated POS space at the top of the unit.

Add to that the 3 adjustable chrome shelves, internal humidity pan, LED lighting and removable doors for easy cleaning and this is the perfect all round counter top unit.

Features

- Internal LED illumination on top
- 3 adjustable chrome plated shelves
- Front and rear access
- Internal Humidity Pan
